

After Hours Process

In great efforts to meet the needs of the communities we serve, Christian Community Health Center (CCHC) offers 24-hour access to a healthcare provider by calling (773) 233-4100. If you have an urgent need after business hours, you can leave a message that will be immediately sent to the on-call provider who will ensure your needs are met. Patients are directed to call 911 immediately in the case of a life threatening or critical medical emergency.
